Target audience

- ▶ Early career researchers in health sciences
- ▶ Doctoral students
- ▶ Postgraduates
- ▶ PhD students
- ▶ Interested public

Fees

Regular fee: 100 Euro

Student fee: 50 Euro

Short information

The LBG Meeting Innovation in Health Sciences encourages and supports young scientists by offering an opportunity to present their work. Moreover, it is a chance for early researchers to establish themselves within the scientific community.

The conference focuses on the translation of research results from theory into practice. Therefore, abstracts on preclinical, clinical or implementation research are welcome. The thematic sessions will include key-note lectures by international experts and oral presentations of the best submitted abstracts.
